Hi Katie,

Thank you so much. I don't think it is legal although I need proof of publishing. It's the typical short blurb for public comment referring to the DEQ website for more info plus the SOS notice.

I'd like it posted in both the [Hillsboro News Times](#) and the Oregonian two times in September (close to first of month and mid month)

Plus the Sept Secretary of State Bulletin and on DEQ's web page (posting on August 29 since 1st is a holiday)

It's very tight turn and I'm waiting on reviews from coms and manager. If you want to take a look they are located [Permapost Draft Public Comment Notices](#)

I'll let you know as soon as the reviews are done. I ask Michael to prioritize the newspaper add.

Amanda Wozab is the line manager for this project so I believe the index should be 41480

Please let me know if you need any additional information.

Thanks again

Katie D.
