Rev 3: 10/18/06	Class 1 ¹	Make language consistent with I.E.2, 2 nd ¶¶ (remove 'standards').	Section XIV.B.5.b 2 nd ¶¶	MS	
Rev 4: 10/20/06	Class 1 ¹	Modified WAP for Debris Receiving Procedure; condition fulfilled – remove from Permit.	Section XIII.A.1	MS	
Rev 4: 10/20/06	Class 1 ¹	Added descriptions of rejected load locations; condition fulfilled – remove from Permit.	Section XIII.A.2	MS	
Rev 4: 10/20/06	Class 1 ¹	Modified Bioremediation Plan to include specific Subpart cc information; condition fulfilled – remove from Permit.	Section XIII.S.1	MS	
Rev 4: 10/20/06	Class 1 ¹	Updated weekly inspection form; condition fulfilled – remove from Permit.	Section XIII.C.1	MS	
Rev 4: 10/20/06	Class 1 ¹	Addressed contamination control at containment buildings; condition fulfilled – remove from Permit.	Section XIII.L.1	MS	
Rev 4: 10/20/06	Class 1 ¹	Addressed visual emission determinations at Containment Buildings; condition fulfilled – remove from Permit.	Section XIII.L.2	MS	
Rev. 5 11/17/06	Class 2	Revised Closure post closure plan to address the post closure care period for landfill units extended for more than 30 years; condition fulfilled; removed from Permit	Removed II.M.6	MS	
Rev. 6 1/15/07	Class 3	Update GWM Plan	Numerous	CH2M	
Rev. 7 2/16/07	Class 1 ¹	Remove condition II.C.7 requiring CWM to submit a solid waste plan (plan submitted).	Removed II.C.7	MS	
Rev. 8 2/27/07	Class 1	Remove RAA language from Permit.	Section X.H.1	VG	
Rev. 9 3/19/07	Class 2	Add language to allow leachate to be used for dust suppression.	VI.B.5	VG	
Rev 10 5/15/07	Class 1 ¹	Remove condition requiring amended closure plan within 270 days of effective date of permit.	II.J.13.d.i.	VG	
Rev 10 5/15/07	Class 1 ¹	Remove condition requiring the financial assurance mechanism to be updated according to amended closure plan.	II.J.13.d.ii.	VG	
Rev 9 a 5/15/07	Supplement MO65	Add language to section as directed in TA approval letter from the Department	VI.B.5	VG	
Rev 6a 6/1/07	Supplement MO62	Update GWM Plan	Numerous	DH	
Rev 11 6/29/07	Class 1	Remove permit language referencing the Site Conceptual Model, methodology for collecting samples, and well location and integrity evaluation.	X.H.1.a X.H.1.d X.H.1.e	DH	

Revision No./Date	Type	Description	Section/Table/ Figure/Appendix Revised	By (initials)	Revision No./ Approval Date
Rev 6b 8/10/07	Supplement MO62	Update GWM Plan	Numerous	DH	
Rev 6c 9/18/07	Supplement MO62	Update GWM Plan	Numerous	DH	
Rev 12 9/27/07	Class 3	Add language to incorporate Organic Recovery Unit	VII.A.4	VG	
Rev 6d 11/7/07	Supplement MO62	Update GWM Plan	Numerous	CH2M	
Rev 13 12/18/07	Class 1	Remove Permit condition regarding management of validation of hydrogeologic information (Information Mgmt System).	X.H.1.c	VG	
Rev 14	Supplement MO68	Supplement to operate new WWTU.	IV.B.1 and IV.B.3	VG	
Rev 15	MO62 Class 3 approval	Revision 15 is the final approved hydrogeo. Language.	Replace sections IX - XI	DEQ	
Rev 16	Class 1 10/31/08	Delete permit condition X.C.2.f. – bladder pumps are installed; no longer applicable.	Remove X.C.2.f	VG	
Rev 17	Class 1 2/18/09	Delete permit condition X.H.-hydrogeological evaluation completed	Section X.H.	VG	
Rev 18 4/21/10	Class 2 MO83	Deleted Permit Conditions XIII.P.2, XIII.P.3, XIII.P.5, XIII.P.6, and XIII.P.7 – Permit conditions incorporated into standalone document No. 16, <i>Construction Quality Assurance Plan</i>	Section XIII.P 2, 3, 5, 6, 7	PEK	
Rev 18 5/25/10	Class 2 Supplement MO83	Delete XIII 1 – 7; add XIII.P.3 to general conditions; II.A.3	Section XIII.P Section II.A.3	MS	
Rev 19 5/24/10	II.R	Change Dioxane testing method; deletion of SIM testing; update TOC with correct page numbers	Table X-4 and TOC	VG	
Rev 20 9/2/2011	Class 2 MO89	Add well 5Q-1 to the list of wells where the detection monitoring criteria equal five times the values listed in Table X-4 of the Permit	X.D.1.a X.D.1.c	GSI	
Rev 20 9/2/2011	Class 2 MO89	Revise the notes in Table X-1 for 10 wells to show that they are now sampled semiannually or annually. Remove footnotes [c] and [d] which specified quarterly sampling for 2 years beginning in January 2006 (no longer pertinent).	Table X-1	GSI	
Rev 20 9/2/2011	Class 2 MO89	Update the list of piezometers to reflect the ongoing well decommissioning program, and also to remove from the list four Level 9 wells	Table X-2	GSI	
Rev 20 9/2/2011	Class 2 MO89	Update the list of piezometers to remove four Level 9 wells (D-9, 2C-9, 2D-9, and 2E-9) that are not used for preparing groundwater elevation contour maps because of their long well screens.	Table X-2	GSI	
Rev 20 9/2/2011	Class 2 MO89	Provide a more legible map of the detection monitoring well network, and add to the map the piezometer network (which was not previously displayed despite the citation of this map in Permit Condition X.A.2)	Figure 1	GSI	
Rev 21 10/27/11	Class 1 ¹ M092	Remove conditions requiring update of closure and post-closure unit costs 180 days prior to re-opener	II.J.13.e and II.J.13.e.i	MS	
Rev 22 10/14/11	Class 3 M092	Revise the network of monitoring wells (for background and detection monitoring) and the piezometer network to reflect future expansion of Landfill Unit L-14 (Cell 5). This includes expanding the size of WMA-2 and adding a point of	Figure 1 Table X-1 Table X-2	GSI
