

Heritage Square Basement Security Plan

**INSPECTION REPORT**  
CITY OF ASTORIA  
PUBLIC WORKS DEPARTMENT

1095 Duane Street  
Astoria, OR 97103  
503-325-5177

TASK # 240269

INSPECTOR: Caleb Laws SIGNATURE: Caleb Laws DATE: 9-24-25

Photographs of every potential access point showing security measures (gates, locks, etc.). The stormwater discharge pipes through the parking structure should also be photographed along with a photo of the discharge point. Attach to report.

Comments on the status and condition of each potential access point:

Entry hatch into heritage square latches do not lock, need replaced. All doors and gates and hazard signs are in great shape. Some pooling of water in tarped spill zone. Supports in spill area are failing and need upgraded.

Weather Conditions: Sunshine, no rain

If raining, document estimated flow rates through the parking deck onto the soil below.
