Amy DeVita-McBride | Cleaner Air Oregon Project Engineer
Oregon Department of Environmental Quality
700 NE Multnomah St., Suite 600
Portland, Oregon 97232-4100

Dear Ms. Devita-McBride,

Regarding the AQ520 form, please note that the usage rate for each individual welding rod (worst case) is the same as for the total, i.e. only five pounds of welding rod would be used in total in a given day or one thousand pounds in a given year regardless of whether it was of one type or a mix of various types.
