## Chance to Comment On.....

### Recommended No Further Action for the All Foreign Automotive Site, Hillsboro, Oregon

**Publication:** Oregonian and Secretary of State's Bulletin

**Publishing Date:** February 1, 2006

**Comments Due:** March 1, 2006

**Project Location:** 2995 SW 221st, Hillsboro, Oregon

**Proposal:** Pursuant to Oregon Revised Statute, ORS 465.320, and Oregon Administrative Rules, OAR 340-122-100, the Department of Environmental Quality (DEQ) invites public comment on a proposed "No Further Action" cleanup decision for the All Foreign Automotive Site in Hillsboro, Oregon.

**Highlights:** DEQ has completed an evaluation of the investigation and cleanup conducted at the former All Foreign Automotive Site. The work was completed by the Reedville Crossing LLC under an agreement with DEQ for reimbursement of cleanup costs by the Oregon Dry Cleaner Program. Soil contamination, attributed to past use of petroleum products used in auto salvaging and crushing operations, was found at the site during site investigations completed in 2005. Approximately 825 tons of petroleum contaminated soils were removed from the site from June through November 2005 and disposed of in a solid waste landfill. The objective of the removal action was to remove soil contamination exceeding DEQ risk-based concentrations (RBCs).

A site remediation and soil evaluation report was submitted to DEQ in December 2005 to evaluate residual contamination in soil at the site. The evaluation concluded that there is no significant risk to human health or the environment from residual soil contamination at the site based on a comparison of site concentrations to DEQ risk-based concentrations.

DEQ has made a preliminary determination that cleanup measures undertaken by Reedville Crossing LLC of petroleum contamination released at the site during auto salvaging and crushing operations are complete and the site is currently protective of public health and the environment, and requires no further action under the Oregon Environmental Cleanup Law, ORS 465.200 et seq., unless new or previously undisclosed information becomes available.

**How to Comment:** DEQ's project file information is available for public review (by appointment) at DEQ's Northwest Region Office, 2020 SW Fourth Avenue, Suite 400, Portland, Oregon, 97201. DEQ will hold a public meeting to receive verbal comments if requested by ten or more people or by a group with 10 or more members.
