Ryan Pettit,

On December 26, 2025, Hampton Lumber Mills, Inc. dba Tillamook Lumber Company (Hampton Tillamook) submitted a request to DEQ for a 17-day extension of the deadline for submittal of a revised Cleaner Air Oregon (CAO) Emissions Inventory (Your DEQ Online Submittal # 60627). This revised Emissions Inventory submittal will be in response to DEQ's November 14, 2025, comment letter regarding the initial Emissions Inventory submitted on May 2, 2025.

DEQ may grant an extension based on the criteria set in [OAR 340-245-0030\(3\)](#), which require sources to demonstrate progress towards completing the submittal and show that a delay is necessary for good cause. Hampton Tillamook has made progress in responding to each item of DEQ's November 14, 2025 letter and is requesting a short extension in order to: 1.) engage the National Council for Air and Stream Improvement (NCASI) on an evaluation of daily kiln emissions; and 2.) allow time to obtain detailed material composition information. DEQ agrees that this short delay will likely allow Hampton Tillamook to provide a more complete Inventory.

For these reasons, DEQ approves Hampton Tillamook's request and grants a 17-day extension from the original submittal deadline of January 13, 2026. Hampton Tillamook's revised Emissions Inventory must be submitted by no later than **January 30, 2026**.

DEQ remains available to meet with Hampton Tillamook or provide feedback via email. Please contact me directly at 503-866-9643 or julia.degagne@deq.oregon.gov, if you have any questions regarding this letter or CAO submittal requirements. I look forward to your continued assistance with this process.

Sincerely,

Julia DeGagné
Cleaner Air Oregon Project Engineer
