Date: July 7, 2025

Project No: SSI-BIP DEQ

Re: Burgard Industrial Park Project Status Report—Second Quarter 2025

This memorandum presents the project status report for the period April through June 2025 for the Burgard Industrial Park (BIP) Source Control project in Portland, Oregon. This status report is prepared in accordance with the June 16, 2000, Voluntary Agreement (WMCVC-NWR-0015) between Schnitzer Steel Industries, Inc., and the Oregon Department of Environmental Quality (ODEQ).

WORK COMPLETED APRIL THROUGH JUNE 2025

- Submitted project status report to ODEQ on April 10, 2025.
- Submitted the River Mile 3.5 East Stormwater Outfall Monitoring Data Report to U.S. Environmental Protection Agency (USEPA) on April 25, 2025.
- Performed the third quarterly Tract A inspection on May 17, 2025, and repeated inspection on June 21, 2025.
- Collected Tract A stormwater samples on May 17, 2025, and June 20, 2025, as part of Tract A stormwater system performance monitoring per the Tract A Operations and Maintenance Plan.
- Continued drafting the Air Deposition Study Data Report.
- Presented preliminary air deposition study results in the quarterly meeting with USEPA and ODEQ on May 27, 2025.
- Continued implementation of the Wheel Wash Effectiveness Monitoring Plan.

ACTIVITIES PLANNED JULY THROUGH SEPTEMBER 2025

- Submit project status report to ODEQ by October 15, 2025.

- Continue implementation of the Wheel Wash Effectiveness Monitoring Plan and submit the second semiannual Wheel Wash Monitoring Status Report to ODEQ in July.
- Submit the Air Deposition Study Data Report.
- Receive ODEQ comments on the Stormwater Source Control Measures and Evaluation Data Report and the River Mile 3.5 East Stormwater Outfall Monitoring Data Report.
- Receive laboratory results from June 2025 Tract A stormwater monitoring and begin drafting the Tract A stormwater system performance monitoring report for the second year of monitoring.

SAMPLING, TEST RESULTS, AND OTHER DATA GENERATED APRIL THROUGH JUNE 2025

- Received the Tract A March 2025 stormwater sample results. In-house and external data validation is complete. Loading to the internal database is in progress.
- Received the Tract A May 2025 stormwater sample results. In-house and external data validation is in progress.

Sampling, test results, and data generated in accordance with the Tract A performance monitoring will be submitted to ODEQ as part of the second year monitoring report.

PROBLEMS EXPERIENCED APRIL THROUGH JUNE 2025

During the June 2025 Tract A stormwater monitoring event, no samples could be collected from East Planter A due to the lack of flow within the planter.

Please contact me if you have questions regarding the content of this project status report.

Sincerely,

FLOYD | SNIDER
