

CITY OF SHERWOOD

RESOLUTION & ORDER

The City Council acknowledges the State of Oregon certification that an imminent threat to the health, welfare, and safety of the residents of the City of Sherwood exists because of recent municipal well water contamination.

The City Council declares the situation in the City of Sherwood warrants expeditious intervention under the national CDBG Program objective of meeting an Urban Community Development Need.

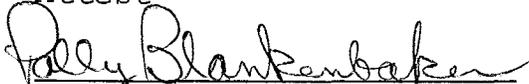

Additionally, the City Council declares that there are no funds immediately available to deal with the threat,

It is hereby Resolved and Ordered the City Council requests the assistance of the Community Development Block Grant Program to address the imminent threat to its residents.
