(d) Whenever the City shall excavate or perform any work in any of the present and future streets, alleys and public places of the City, or shall contract, or issue permits, for such excavation or work where such excavation or work may disturb Grantee's gas mains, pipes and appurtenances, the City shall, in writing, notify Grantee sufficiently in advance of such contemplated excavation or work to enable Grantee to take such measures as may be deemed necessary to protect such gas mains, pipes and appurtenances from damage and possible inconvenience or injury to the public. In any such case, the Grantee, upon request, shall furnish maps or drawings to the City or contractor, as the case may be, showing the approximate location of all its structures in the area involved in such proposed excavation or other work.

(e) Whenever the City shall vacate any street or public place for the convenience or benefit of any person or governmental agency and instrumentality other than the City, Grantee's rights shall be preserved as to any of its facilities then existing in such street or public place.

Section 7. Continuous Service. The Grantee shall maintain and operate an adequate system for the distribution of gas in the City. The Grantee shall use due diligence to maintain continuous and uninterrupted 24-hour a day service which shall at all times conform at least to the standards common in the business and to the standards adopted by state authorities and to standards of the City which are not in conflict with those adopted by the state authorities. Under no circumstances shall the Grantee be liable for an interruption or failure of service caused by act of God, unavoidable accident or other circumstances beyond the control of the Grantee through no fault of its own.

Section 8. Safety Standards and Work Specifications: The facilities of the Grantee shall at all times be maintained in a safe, substantial and workmanlike manner. For the purpose of carrying out the provisions of this section, the City may provide such specifications relating thereto as may be necessary or convenient for public safety or the orderly development of the City. The City may amend and add to such specifications from time to time.

Section 9. Control of Construction: The Grantee shall file with the City maps showing the location of any construction, extension or relocation of its gas mains in the streets of the City and shall obtain from the City approval of the location and plans prior to commencement of the work. The City may require the Grantee to obtain a permit before commencing the construction, extension or relocation of any of its gas mains.

Section 10. Street Excavations and Restorations: Subject to the provisions of this Resolution, the Grantee may make necessary excavations for the purpose of constructing, installing, maintaining and operating its facilities. Except in emergencies, the Grantee shall obtain the permission of the City prior to the commencement of any construction installation or maintenance of it's underground facilities. Such notification to the City, which may be by telephone, electronic data transmittal or other appropriate means, shall include all hard surface cuts in the public right-of-way.

Upon notification to the Grantee, by the City, of any new street improvement projects; the Grantee shall assist the City in coordinating the installation of the Grantee ' facilities with the City Engineer so as to prevent the cutting of newly paved streets.

Furthermore, the Grantee shall give notice to the City by telephone, electronic data transmittal or other appropriate means as soon as is practicable after the commencement of work performed under emergency conditions.

When any excavation is made by the Grantee, the Grantee shall promptly restore the affected portion of the street, bridge or public place to the same condition in which it was prior to the excavation. The restoration shall be in compliance with specifications, requirements and regulations of the City in effect at the time of such restoration. If the Grantee fails to restore promptly the affected portion of a street, bridge or public place to the same condition in which it was prior to the excavation, the City may make the restoration, and the cost thereof shall be paid by the Grantee.

Section 11. Location and Relocation of Facilities: All facilities of the Grantee shall be placed so that they do not interfere unreasonably with the use by the City and the public of the streets, bridges and public places and in accordance with any specifications adopted by the City governing the location of facilities.

The City may require, in the public interest, the removal or relocation of facilities maintained by the Grantee in the streets of the City, and the Grantee shall remove and relocate such facilities within a reasonable time after receiving notice so to do from the City. The cost of such removal or relocation of its facilities shall be paid by the Grantee, but when such removal or relocation is required for the convenience or benefit of any person, governmental agency or instrumentality other than the City, Grantee shall be entitled to reimbursement for the reasonable cost thereof from such person, agency or instrumentality.

Section 12. Compensation: As compensation for the franchise granted by this Resolution, the grantee shall pay to the City an amount equal to five percent (5%) of the gross revenue collected by the Grantee from its customers for gas consumed within the City. Gross revenue shall be computed by deducting from the total billings of the Grantee the total net write-off of uncollectible accounts, revenues paid directly by the United States of America or any of its agencies, and sales of gas at wholesale by the Grantee to any public utility or public agency where the public utility or public agency purchasing such gas is not the ultimate consumer.

The compensation required by this section shall be due for each calendar year, or fraction thereof, within sixty (60) days after the close of such calendar year, or fraction thereof. Within sixty (60) days after the termination of this franchise, compensation shall be paid for the period elapsing since the close of the last calendar year for which compensation has been paid.

The Grantee shall furnish to the City with each payment of compensation required by this section a written statement, under oath, executed by an officer of Grantee showing the amount of gross revenue of the Grantee within the City for the period covered by the payment computed on the basis set out in subsection (1) of this section. The compensation for the period covered by the statement shall be computed on the basis of the gross revenue so reported. If the Grantee fails to pay the entire amount of compensation due the City through error or otherwise, the difference due the City shall be paid by the Grantee within fifteen (15) days from discovery of the error or determination of the correct amount. Any overpayment to the City through error or otherwise, shall be offset against the next payment due from the Grantee.

Acceptance by the City of any payment due under this section shall not be deemed to be a waiver by the City of any breach of this franchise occurring prior thereto nor shall the acceptance by the City of any such payments, preclude the City from later establishing that a larger amount was actually due, or from collecting any balance due to the City.

Section 13. Books of Account and Reports: The Grantee shall keep accurate books of account at an office in Oregon for the purpose of determining the amounts due to the City under Section 12 of this resolution. The City may inspect the books of account at any time during business hours, and may audit the books from time to time. The Council may require periodic reports from the grantee relating to its operations and revenues within the City.

Section 10. Collection Facilities: The Grantee shall maintain a facility in the City where its customers may pay their bills for gas during normal business hours.

Section 15. Supplying Maps Upon Request: The Grantee shall maintain on file, at an office in Oregon, maps and operational data pertaining to its operations in the City. The City may inspect the maps and data at any time during business hours. Upon request of the City, the Grantee shall furnish to the City, without charge and on a current basis, maps showing the location of the gas mains of the Grantee in the City.

Section 16. Indemnification: The Grantee shall indemnify and save harmless the City and its officers, agents, and employees from any and all loss, cost and expense arising from damage to property and/or injury to, or death of, persons due to any wrongful or negligent act or omission of the Grantee, its agents or employees in exercising the rights, privileges and franchise hereby granted.

Section 17. Assignment of Franchise: This franchise shall be binding upon and inure to the benefit of the successors, legal representatives and assigns of the Grantee.

Section 18. Termination of franchise for Cause: Upon the willful failure of the Grantee, after sixty (60) days' notice and demand in writing, to perform promptly and completely each and every term, condition or obligation imposed upon it under or pursuant to this resolution, the City may terminate this franchise, subject to Grantee's right to a court review of the reasonableness of such action.

Section 19. Remedies Not Exclusive, When Requirement Waived: All remedies and penalties under this resolution, including termination of the franchise, are cumulative, and the recovery or enforcement of one is not a bar to the recovery or enforcement of any other such remedy or penalty. The remedies and penalties contained in this resolution, including termination of the franchise, are not exclusive and the City reserves the right to enforce the penal provisions of any Ordinance or Resolution and to avail itself of any and all remedies available at law or in equity. Failure to enforce shall not be construed as a waiver of a breach of any term, condition or obligation imposed upon the Grantee by or pursuant to this resolution. A specific waiver of a particular breach of any terms, condition or obligation imposed upon the Grantee by or pursuant to this Resolution shall not be a waiver of any other or subsequent or future breach of the same or of any other term, condition or obligation, or a waiver of the term, condition or obligation itself.

Section 20. Acceptance: The Grantee shall, within thirty (30) days from the date this resolution takes effect, file with the City its written unconditional acceptance of this franchise, and if the Grantee fails so to do, this resolution shall be void.

Section 21. Effective Date: This resolution shall become effective upon adoption.

Duly passed by the City Council this 11th day of June 1996.
