

**RESOLUTION 2008-002**

**RESOLUTION SETTING RATES FOR WATER USE AND REPEALING  
RESOLUTION 2006-027**

**WHEREAS**, the Water Fund is primarily dependent upon water rate revenues for its funding; and

**WHEREAS**, the Sherwood Municipal Code authorizes certain administrative fees and charges to be established by Resolution of the City Council; and

**WHEREAS**, the City of Sherwood adopted Capital Plan requires the issuance of debt to proceed with the design and construction of the Water Improvement Project; and

**WHEREAS**, a water rate increase of 25 percent is necessary to generate sufficient revenue to meet anticipated debt service payments and coverage.

**NOW, THEREFORE, THE CITY RESOLVES AS FOLLOWS:**

**Section 1:** The fees and charges for water service as specifically described in Exhibit A (attached) are hereby adopted.

**Section 2:** Resolution 2006-027 is hereby repealed.

**Section 3:** The rates established by this Resolution shall be effective in February 2008.

**Duly passed by the City Council this 2<sup>nd</sup> day of January 2008.**

  
Keith S. Mays, Mayor

Attest:

  
Sylvia Murphy, City Recorder

**EXHIBIT "A"**

**I. RESIDENTIAL, MULTI-FAMILY, AND COMMERCIAL WATER SERVICE**

Applicable to all residential, multi-family, and commercial customers receiving water service within the Sherwood city limits.

A residential customer is defined as a customer whose meter service serves only one-single family dwelling unit. All dwelling units served by individual meters shall be charged the residential rate for service. For example, the residential rate shall apply where separate water meters provide service to each side of the duplex.

Multi-family customers are defined as customers whose meter services more than one dwelling unit. For the purposes of this rate resolution, dwelling unit shall be defined as any place of human habitation designed for occupancy based upon separate leases, rental agreements, or other written instruments.

Commercial customers are defined as customers whose meter is for any use other than residential and multi-family. Some examples of commercial uses include, but are not limited to: schools, hospitals, restaurants, and service stations.

**MONTHLY WATER RATE:**

<b>Customer Class/Meter Size</b>	<b>Base Charge</b>	<b>Consumption Charge</b>	<b>Consumption Charge</b>
<b>Residential &amp; Multi-Family</b>	<b>(\$/Month)</b>	<b>(\$/100 gallons)</b>	<b>(\$/100 gallons)</b>
3/4"	\$ 9.15	First 21,000	Over 21,000
