EXPLANATORY STATEMENT FOR INITIATIVE ISHE2017-1

State law allows for the operation of licensed recreational marijuana producers, processors, wholesalers, and retailers. State law also allows cities to prohibit these types of facilities from operating within city limits, subject to voter approval. In January 2016, the Sherwood City Council referred a measure to the November 2016 election to put in place a ban on all such facilities. By doing so, the City Council also enacted a moratorium on the establishment of these facilities until that election. In November 2016, Sherwood voters approved the ballot measure prohibiting all of these categories of recreational marijuana facilities from operating within city limits. That prohibition is currently in effect in Sherwood.

Subsequently, a citizen ballot initiative was initiated to repeal that prohibition, resulting in this measure now appearing on the ballot. Approval of this measure would repeal the existing prohibition of recreational marijuana producers, processors, wholesalers, and retailers within the city that was adopted by Sherwood voters in November 2016.

The effect of approval of this measure would therefore be to allow recreational marijuana producers, processors, wholesalers, and retailers to operate within the city.

Approval of this measure would also result in the adoption of certain land use regulations, including but not limited to the following:

1. Recreational marijuana facilities would only be permitted in General Industrial zones. An exception would apply to allow recreational marijuana facilities on two properties zoned Light Industrial where medical marijuana facilities are currently located.
2. Retail sales would be permitted only from 10:00 a.m. to 8:00 p.m. Sunday through Thursday and 10:00 a.m. to 10:00 p.m. Friday and Saturday.
3. Production, processing, testing, and wholesale facilities would be prohibited within 1,000 feet of any single- or multi-family residential zone.
4. Retail facilities would be prohibited within 1,000 feet of:
 - a. public or private elementary or secondary schools attended primarily by children;
 - b. other retail recreational marijuana facilities and medical marijuana dispensaries; and
 - c. public plazas and active use parks.
5. Recreational marijuana facilities would be prohibited within the Old Town Overlay District.
6. Certain security and odor mitigation measures would be required.
