

CITY OF SHERWOOD, OREGON

ORDINANCE # 648

An ordinance authorizing issuance of one water hookup permit to Pat Crisona for the residence located at 21970 S.W. Pacific Highway, tax lot 900, map 2S131A, outside the corporate limits of the City of Sherwood.

Whereas Pat Crisona, owner of the real property described as tax lot 900, map 2S131A, has applied to the City Council for authorization for issuance of a water hookup permit for one existing residence on said property, and

Whereas the Council has heard and considered the application and found that properties in the immediate vicinity are served by city water, that due to proximity of the subject property to the City well located on adjoining property deepening of existing Crisona well may not be feasible or in the public interest, that said hookup would serve an existing residence as opposed to new construction outside the city limits, and other unusual circumstances causing such hardship and need as to render it equitable and in the public interest to authorize issuance of the permit,

The City of Sherwood does ordain as follows:

Section 1. The City Recorder be and is hereby authorized to issue to Pat Crisona, one water hookup permit for the residence at 21970 S.W. Pacific Highway on tax lot 900, map 2S131A, Washington County, Oregon, upon payment by the applicant of the appropriate fees and the compliance with the city ordinance required.

Section 2. Effective Date: Inasmuch as it is necessary to the public peace, health and safety that adequate water supply for domestic water supply and fire protection be provided to the Crisona residence, an emergency is hereby declared to exist and this ordinance shall become effective immediately upon its passage and approval by the Mayor.

Passed by unanimous vote of all council members present, after being read by caption three times and in body once, this 12th day of June, 1974.

Marjorie Stewart
Recorder - City of Sherwood

Approved: By the Mayor this 12th day of June, 1974.

Jack P. Hansen
Mayor - City of Sherwood
