DATED: January 5, 1996

BETWEEN: Sherwood Market Center Limited Partnership,  
an Oregon limited partnership  
c/o Gramor Development NW, Inc.

AND: City of Sherwood,  
an Oregon municipal corporation  
90 NW Park Street  
Sherwood, OR 97140 "GRANTEE"

Grantor owns the real property in Washington County, Oregon more particularly described on attached Exhibit A ("Grantor's Property"). Grantee has requested that Grantor grant Grantee an easement for the installation and use of a sewer line across the Easement Area described below. Grantor has agreed to do so on the terms and conditions set forth in this Sanitary Sewer Easement ("Agreement").

NOW THEREFORE, for value received, the parties agree as follows:

1. Description of Easement. Grantor grants and conveys to Grantee a perpetual, nonexclusive, easement over and across that certain real property described on attached Exhibit B ("Easement Area") as depicted on the map on attached Exhibit C, subject to all matters of record, for purposes of installing, repairing, maintaining and replacing buried sewer lines or conduits ("Lines"). Such Lines shall be installed at a depth and in a manner so as not to interfere with Grantor's use or

enjoyment of the Grantor's Property or the Easement Area. At the election of Grantor by notice to Grantee, this easement shall terminate in the event Grantee ceases to use the Easement Area for the transporting of sewage for any period of 12 or more consecutive months.

2. Grantor's Use of Easement Area. Grantor reserves the right to full use and enjoyment of the entire Easement Area, including, without limitation, the right to place on or in the Easement Area, along, across, and over each such Easement Area, such roads, fences, improvements, drives, landscaping, sidewalks, passageways, electric power lines, communication lines, cables and conduits, waterlines, sewer lines, gas lines, and other facilities, structures and utilities as Grantor may desire, provided only that such shall not unreasonably interfere with Grantee's rights hereunder.

3. Restoration of Surface. Grantee shall cause all work to be done at Grantee's sole expense and risk in a good and workmanlike manner in compliance with all applicable laws, lien free, and so as not to interrupt or disturb the use or enjoyment of Grantor's Property by Grantor or other occupants or users thereof at any time. Grantee shall restore any damage to the surface (including paving or other improvements) or subsurface (including any improvements in place at the time Grantee commences such work), if any, caused by or arising out of Grantee's activities or the presence of the Lines, in order to leave Grantor's Property and any and all improvements thereon or therein in at least as good condition as existed prior to such construction or other work.

4. Benefits and Burdens. The easements and covenants contained in this Agreement shall run with the land as to the property burdened and benefitted thereby and shall bind and inure to the parties and their respective successors and assigns.

5. AS IS. Grantee accepts the Easement Area AS IS, WHERE IS, and assumes all risk and liability with respect to Grantee's use thereof. As inducement for Grantor to enter this Agreement, Grantee expressly releases Grantor from and agrees that Grantor shall have absolutely no liability whatsoever to Grantee, or any other owner, user of the Lines or any other person for any damages or injury related to the Lines, or Grantee's use of the Easement Area or otherwise related to Grantee's exercise of its rights under this Agreement.

6. Indemnity. Grantee shall indemnify, hold harmless, reimburse and, at Grantor's election, defend Grantor and Grantor's partners, officers, shareholders, affiliates, employees, tenants, guests and agents for, from and against any and all claims, loss, damage, expense and liability for injury to or illness or death of any person, or injury to, loss or

destruction of any property resulting from or arising out of the use or existence of the Lines or the easements granted herein, or the conduct of Grantee or any contractor, agent, employee, invitee, tenant or permittee of Grantee, or its successors and assigns.

7. Miscellaneous.

7.1 Notices. Notices allowed or required hereunder shall be in writing and shall be effective when served upon the party to whom such notice is directed, or, if mailed, two days after such notice is deposited in the United States mail, certified or registered, correct postage prepaid, and addressed to the parties at their respective addresses as set forth above, or at such other address as such party shall notify the other party beforehand.

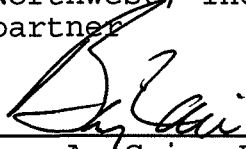

7.2 Attorney Fees. In the event Grantor is made or threatened to be made a party to an action or suit with regard to the existence of the easements granted herein or Grantee's use of the easements or rights granted herein or any breach of Grantee's obligations hereunder, or in the event that Grantor brings an action or suit to enforce terms of this Agreement, Grantee shall pay all reasonable costs and expenses incurred by Grantor, including reasonable attorney fees at trial, on appeal, and any petition for review or in contemplation of or preparation therefor, and in any other proceeding, including, without limitation, any bankruptcy or arbitration proceeding.

7.3 Counterparts. This Agreement may be executed in two or more counterparts, all of which shall be considered one and the same instrument. The original executed signature and acknowledgement pages of exact copies of this Agreement may be attached to one of such copies to form one document. Signature by telecopy shall be binding as original, provided the parties shall deliver a fully executed and acknowledged original Agreement.
