Hi Sylvia,

Please find attached a recorded ROW and PUE for the Sherwood High School Expansion Project #4029.

These two documents are re-records of original documents as the Surveyor, Brian Henson of Harper Houf Peterson Righellis (HHPR), used an incorrect starting point when surveying the first time.

Mr. Henson corrected the error and took the documents to Washington County for re-recording where he was instructed to remove the signature page (page 2 of the PUE) as that part was originally recorded the first time around. Mr. Henson states that if you have any questions at all regarding this, please feel free to call him at HHPR in Bend at 541.318.1161.

I called the County Recorder's office who confirmed that only four pages of the PUE were in fact recorded.

I will put the original documents, plus a copy of the signature sheet from the PUE that I happened to have, in your in-box up here.

Thanks,

Steph
